

Each product radiates glossiness and whiteness

Use of finest raw materials - purified, tested and certified by R&D

Use of advanced German technology with fully computerized controlled shuttled kiln

Use of eco-friendly natural gas residues for better shine and luster

Production process according to ISI, ISO and European standard

High-tempered firing with hygiene-friendly production process

Water-saving flushing system with 3/6-litre knobs

Soft closing seat cover

WEL COME

For years, the Sanitaryware markets have been selling the same kinds of products. With a theme of Freshness in the mind and a zeal to be ahead of the market, **SONET CERAMIC** is presenting the CATALOGUE with FRESH DESIGNS.

The Company

For years, the Sanitaryware markets have been selling the same kinds of products. With a theme of Freshness in the mind and a zeal to be ahead of the market, SOLO CERAMICS is presenting the CATALOGUE 2014 with FRESH DESIGNS.

It has been very challenging. Our team had to go beyond their traditional thinking to roll out these exciting designs that have never before been manufactured in India. This collection is the union of lots of beautiful design aspects coexisting into one.

The exquisite styles of architectural discoveries from Greek designs to Victorian delights to Egyptian styling all have been covered into one extraordinary compilation for the world to enjoy. Only this depth of research could serve our Idea of FRESH designs in the sanitary ware industry.

The colors invented for ceramics have been numerous. However, their blending with each style pattern has been thoroughly studied and tested before application, giving the customers a FRESH and colorful assortment of Sanitary ware delights.

Live Healthy.....Feel Fresh.....

Into the above two we have taken utmost care to meet the basic requirements of sanitary ware. The fundamental need of any sanitary ware is to promote a sanitized healthy and hygienic lifestyle. It is of vital importance that every piece of sanitary ware that we design serves the purpose of promoting and maintaining highest standards of health and hygiene in your wash rooms.

The last element of the ingredients of the above collection is not scientific, but a tinge of passion added into design of the collection. From the top management to every smallest department at SOLO, we have been thrilled and excited to roll out such an outstanding pool of exquisite and exclusive sanitaryware.

So, experiences the power of a FRESH DREAM, A FRESH THEME.....

The 2014 Collection.....FRESH.....

From the Chairman's Desk

"Succeeded Big time, hungry for more...."

For our group, Success now has become a habit. Day in day out we breathe success with pints of oxygen. I am proud of the team to be doing so well. And yet, we are not finished.

India is growing at a tremendous pace, so is our sector, ceramics. We are one of the many players in the industry who are really excited about this unprecedented growth in the industry. I personally feel, there will not be a better time to get going at an even faster rate.

Mr. Raghavjibhai Patel

To my team, I advise to raise the bar a bit higher and set sights on the global market. Improve quality, revitalize designs, beautify colors, find that perfect finish and storm the international market with total confidence and zeal. You are born to succeed. Be hungry for more.

Our channel partners, the face and voice of SOLO in the market are the achievers who have been instrumental in charting out the Solo Success story. It gives me great happiness to see you grow even further and share the same hunger to grow as we share amongst ourselves. We promise you we will always remain ahead of the market trends and deliver products that make your business beat your targets too.

The influencers, architects and interior design specialists are a constant source of inspiration for us. They always are extremely demanding, stretching our limits and getting the best out of us. To them we owe this growth from the design perspective.

Last but not the least are our customers, who have used and recommended our products to the world.

Together, let us again set higher goals and beat them. Let us succeed, but on a higher level this time. THE GLOBAL LEVEL.

Colour your dreams

White is the most used color in case of sanitation. It gives a soothing feeling of purity. It makes any room look bigger than it is. It speaks of the sober tastes of the owner. We have almost all colors available in the White color.

Plain Colors : The second family includes a wide range of colors to suite the kind of background imagined. Plain colors can be used as a matching or in contrast to the backdrop. More than 16 colors are available to satisfy your exclusivity needs. Do remember to be very sure of selecting the right backdrop before placing an order for our great range. We are sure you will be confused finalizing the color scheme... yes more than 16 to choose from.

purely designer and unique only. The rustic range is available in high value pieces only. So go for it only if you are focused on big and beautiful.

Note :

Above printed colours may differ from actual colours of sanitarywares because of printing limitation. For true selection, refer to actual sample or shade board.

Continuous innovation and improvement in manufacturing techniques and products are carried out regularly. We reserve the right to supply articles which may not correspond exactly with the particulars given in this catalogue.

WALL HUNG BASIN

As per shown in the picture, the rag bolt must be grouted into the cement/concrete wall. The bolts must be fixed to the cement/concrete wall. Allow setting & checking than install it using nut and washer.

COUNTER WASHBASIN

At the beginning

1. A skilled or experienced person should install counter lavatories.
2. Avoid using adhesive with this product.
3. Check the waste area and supply tubing if required.
4. Do not open the lavatory from its protective carton until you are ready for installation.
5. Please follow all local building and plumbing codes.

MATERIAL & TOOLS

Measure tape, Keyhole or saber saw, Hammer, Glasses, Rags or Paper toweling, Drill (1/2 dia, drill bit or larger), Pencil, sealant, sharp knife or scissors.

INSTALLATION OF LAVATORY

Please Note : Please install it in a way that future removal from underneath the counter top is possible without damaging the counter top.

1. Please check the desired location for clearance between the back splash, faucet, Fixture and cabinet.
2. Please cut the template.
3. Please carefully trace the template on the counter top directed.
4. Please mark the faucet hole centerline on the counter top.
5. Please drill a 1/2" pilot on the inside of the cut line.

For Wood Counter tops:

1. Mark and per-drill the wood screw holes at the locations shown on the template.
2. Waterproof any exposed areas of wood.

For Marble Counter tops:

1. Position the counter top upside down on foam padding to protect the surface. Mark and drill 3/6" holes 5/8" deep at the locations shown on the template.
2. Use a setting tool and hammer to secure the anchors.

For All Installations:

1. If the counter top has not been installed, install it at this time.
2. Drill the faucet holes according to the faucet installation instructions.
3. Install the faucet to the counter top according to the manufacture's instructions.
4. Install the drain to the lavatory according to the manufacture's instructions.

MAINTENANCE

Like any other part of your house, the bathroom can be made to look great and made to last long if it is taken care of regularly. To make your bathroom beautiful here are some invaluable tips.

Wash Basin :

A mild detergent can be used to wash the basin at least once a day. After washing, the basin should be wiped out clearly to avoid water stains.

Closets :

Cleanser like Harpic can be used to clear the closet with soft plastic brush, at least once a day.

To avoid minute discoloring, after flushing the toilet give it a once over with the soft brush.

Keep the toilet brush handy in a convenient stand nearby.

In case of toilets and basins, if there has been no maintenance since long period of time, water deposits and discoloration can form on the surface of areas that get wet. In such cases, these stains/marks can be removed with the help of a solution of dilute hydrochloric acid.

Clean with a soft cotton cloth and warm water with soap.

Do not use thinner, day cleaning liquids or powder paste. Use a liquid cleaner at least twice a week.

Use brasso or car rubbing compound and then polish with a cloth to remove fine scratches.

Sanitary ware & Accessories : Diagram of Heights (in Inches)

TECHNICAL SPECIFICATION

	PERTICULARS	I.S.I REQUIREMENT	OUR VALUE
1	WATER ABSORPTION	0.50%	<0.20%
